

Environmental Policy

Diespeker (Interiors) LTD recognize that its operations can have an impact on the environment and community.

Diespeker is committed to comply with all relevant Environmental Legislation at local, regional and national level as a minimum performance and to continually improve environmental performance through controls, provision of resources and training of our employees.

Our aim is to minimize impacts on the environment from our activities, products and services. To attain this, we shall:

- Comply with all relevant Environmental Legislation, Regulations, standards and other relevant codes of practice.
- Seek to prevent pollution through effective control of: emissions
- to air, water and land, waste management and natural resources and other local environmental and community issues
- Seek opportunities to reduce, re-use and re-cycle materials
- Take all reasonable precautions to avoid environmental damage, disruption or nuisance on, or adjoining properties
- Work in partnership with our suppliers to work towards ensuring
- effective environmental supply chain.

Communicate this policy to all Employees, Contractors and Suppliers
